<i>Crocus 'Advance', 'Blue Pearl',</i>	
<i>Crocus vernus</i>	<i>Giant crocus</i>
<i>Iris reticulata; 'Cantab'; Iris danfordiae; Iris histrioides 'George' and 'Katherine Hodgkin'</i>	
<i>Pushkinia libanotica</i>	
<i>Lonicera fragrantissima</i>	<i>Winter honeysuckle</i>
<i>Azalea mucronulatum</i>	<i>Korean azalea</i>
<i>Viburnum x bodnantense 'Dawn'</i>	
<i>Hellebores from seed are fertile: 'Winter Jewels' series, 'Winter Thriller' series, Brandywine hybrids,</i>	
<i>H. orientalis varieties</i>	
<i>Scilla siberica- Siberian squill</i>	<i>Chionodoxa lucilleae- Glory of the snow</i>
<i>Narcissus 'February Gold'</i>	
<i>Anemone blanda</i>	
****Maple tree flowers are VERY important for our early pollinators	
Dandelions, violets, clover, and other "weeds" are VERY important for our pollinators	
<i>Dicentra cucullaria with Trillium erectum</i>	<i>Dutchman's britches</i>
<i>Packeria aurea (formerly Senecio aureus)</i>	<i>Golden groundsel</i>
<i>Lindera benzoin</i>	<i>Spicebush</i>
<i>Caltha palustris</i>	<i>Marsh marigold</i>
<i>Anemone quinquefolia</i>	<i>Wood anemone</i>
<i>Erythronium grandiflorum</i>	<i>Trout lily</i>
<i>Claytonia virginica</i>	<i>Spring beauty</i>
<i>Mertensia virginica</i>	<i>Virginia bluebells</i>
<i>Primula veris</i>	<i>Cowslip</i>
<i>Euphorbia myrsinites</i>	<i>Donkeytail spurge</i>
<i>Abeliophyllum distichum</i>	<i>White "forsythia"</i>
<i>Jeffersonia diphylla; Jeffersonia dubia</i>	<i>Twinleaf</i>
<i>Corylopsis spicata</i>	<i>Winterhazel</i>
<i>Cornus mas</i>	<i>Cornelian cherry</i>
<i>Pieris japonica 'Valley Valentine', 'Shojo'</i>	<i>Andromeda</i>
****Cherry and peach trees of all kinds are VERY important for our early pollinators	
<i>Prunus 'Hally Jollevete'</i>	<i>Mist cherry</i>

Vaccinium corymbosum
 Amelanchier canadensis
 Cercis canadensis
 Liriodendron tulipifera
 Fritillaria verticillata, persica, imperialis
 Aurinia saxatalis
 Pulmonaria ‘Trevi Fountain’
 Veronica peduncularis ‘Georgia Blue’
 Lathyrus vernus
 Myosotis sylvestris
 Phlox subulata ‘Betty’
 Ajuga ‘Caitlin’s Giant’ with dwarf iris
 Lunaria annua
 Iris bucharica
 Species tulips: Tulipa tarda; Tulipa clusiana
 Pachysandra procumbens
 ***Chaenomeles- single varieties only- double, thornless, rebloomers are sterile
 Cold hardy annuals for pollinators: pansies, violas, Nemesia, Lobularia (sweet allysum)

FALL BLOOMERS

Colchicum
 Tanacetum parthenium with Ceratostigma plumbaginoides
 Anemone ‘Honoree Jobert’, ‘September Charm’
 Sanguinaria canadensis
 Vernonia lettermanii ‘Iron Butterfly’
 Phlox paniculata ‘Tracy’s Treasure’
 Aster novae-angliae ‘Alma Potschke’
 Mammoth mums
 Aster laterifolius ‘Lady in Black’
 Solidago
 Aster tartaricus; A. tartaricus ‘Jindai’
 Nipponanthemum nipponicum
 Helianthus salicifolius ‘First Light’
 Sanguisorba ‘Dali Marble’
 Persicaria amplexicaulis ‘Firetail’
 Abelia grandiflora
 Cimicifuga ramosa ‘Atropurpurea’
 Heptacodium miconioides
 Dendranthemum ‘Cambodium Queen’, ‘Sheffield’,
 Liatris scariosa
 Aster laevis
 Aster oblongifolius ‘October Skies’, Aromatic aster
 Aconitum arendsi
 Aster ‘Ezo Murasaki’
 Allium thunbergii ‘Ozowa’, ‘Album’
 Aster oblongifolius ‘Raydon’s Favorite’
 Dendranthemum ‘Lucie’s Pink’; Global Warming series; ‘Mei Kyo’
 Satureja montana
 Aster ‘Fanny’
 Tradescantia ‘Sweet Kate’
 Corydalis lutea, Corydalis ochroleuca with Iris pumila ‘Baby Blessed’- reblooms until the end of November
 Hamamelis virginiana

Blueberry
 Shadblow serviceberry
 Redbud
 Tulip tree
 Crown imperial
 Basket of Gold
 Lungwort
 Spring vetchling
 Biennial forget me not
 Miniature creeping phlox
 Biennial money plant
 Native pachysandra (deciduous)
 Garden phlox- very late blooming variety
 New England aster

Goldenrod is one of the MOST important pollinator flowers for fall

Montauk daisy
 Willowleaf sunflower
 Burnet
 Glossy abelia
 Snakeroot (very late blooming, fragrant)
 Seven sons tree
 Late blooming gayfeather
 Smooth aster
 Monkshood
 Aromatic aster
 Winter savory
 Spiderwort
 Witch hazel
